1.1 ABOUT GIGACORP

GigaCorp Technologies is a global e-commerce and consumer electronics provider. Our mission is to deliver high-quality, sustainable tech products to customers worldwide. Our global headquarters is located at 100 Innovation Way, Tech District, California, USA.

1.2 OPERATING HOURS

Our customer support teams operate across multiple time zones to provide 24/7 assistance.

- Live Chat Support: Available 24 hours a day, 7 days a week, including public holidays.
- Corporate Office Hours: Monday to Friday, 9:00 AM to 5:00 PM EST.
- Technical Support Line: Available daily from 6:00 AM to 10:00 PM EST.

1.3 GENERAL CONTACT INFORMATION

For general inquiries, customers can reach us at info@gigacorp.com. For urgent technical assistance, the hot-line number is 1-800-555-GIGA. All official correspondence must be directed to our corporate office address.

2.1 DOMESTIC SHIPPING (USA)

GigaCorp offers standard and expedited shipping options within the United States.

- Standard Shipping: Delivery takes 3 to 5 business days. It is free for all orders above \$50. For orders under \$50, a flat fee of \$4.99 applies.
- Express Shipping: Delivery takes 1 to 2 business days. It costs a flat fee of \$14.99 regardless of the order value.
- Fulfillment Centers: Orders are dispatched within 24 hours from our warehouses in Ohio, Texas, and Nevada.

2.2 INTERNATIONAL SHIPPING

GigaCorp ships to over 50 countries globally, including Canada, Europe, Australia, and selected regions in South Asia (including Pakistan, India, and UAE).

- International Standard: Delivery takes 7 to 14 business days. Base shipping fee is \$19.99.
- Customs and Duties: Customers are responsible for any local customs duties, import taxes, or clearance fees levied by their respective countries upon arrival.
- Tracking: All international shipments include dynamic real-time tracking IDs provided via email within 48 hours of order confirmation.

3.1 RETURN POLICY

We want our customers to be completely satisfied with their purchase. GigaCorp provides a 30-day return window.

- Eligibility: Items must be returned in their original packaging, unused, and with all original seals intact. Items showing physical damage, water exposure, or unauthorized modifications will not be accepted for return.
- Return Process: Customers must initiate a return via the "My Orders" dashboard on our website to generate a free prepaid return shipping label (Domestic orders only).

3.2 REFUND TIMELINES

Once a returned item is received at our fulfillment center, it undergoes a quality inspection which takes 2 to 3 business days.

- Approved Refunds: The refund amount will be credited back to the original payment method (Credit Card, PayPal, or Bank Transfer).
- Processing Time: Bank transfers take 5 to 7 business days, while credit card reversals may take up to 10 business days to reflect in the customer's account depending on the financial institution.

3.3 PRODUCT WARRANTY

All electronic hardware products manufactured by GigaCorp come with a standard 1-Year Limited Hardware Warranty. This warranty covers manufacturing defects in materials and workmanship under normal use. It does not cover accidental drops, screen cracks, or battery degradation due to improper charging.

4.1 GIGAPASS PREMIUM MEMBERSHIP

GigaPass is our premium subscription service that grants users exclusive benefits.

- Subscription Fee: \$9.99 per month or an annual discounted rate of \$89.99.
- Benefits: Free express shipping on all domestic orders, early access to new product launches, 10% exclusive cashback points, and priority 24/7 technical support access.
- Cancellation: Users can cancel their GigaPass subscription at any time through their Account Settings. No cancellation fees apply, and benefits remain active until the end of the current billing cycle.

4.2 DATA PRIVACY AND SECURITY

GigaCorp takes user data protection seriously. All customer accounts are secured using Industry-standard AES-256 encryption. We enforce mandatory Two-Factor Authentication (2FA) for all accounts containing saved payment methods to prevent unauthorized access.
